

## ADDS \$2,550,000 TO HEALTH STUDY GIFTS

Rockefeller Desires Closer Investigation of Causes of Human Disease.

NEW YORK, June 28.—Henry James, manager of the Rockefeller Institute for Medical Research, has just announced a gift from John D. Rockefeller of \$2,550,000, to afford a closer investigation of the nature and causes of human disease and methods of its prevention and treatment.

Of this sum, part will be used for the purchase of additional land to enable the institution to acquire the entire tract where the building are, between Sixty-fourth and Sixty-seventh streets, from Avenue A to the East river, about four acres. The remainder will be used in erecting and equipping new laboratories and other buildings to insure proper facilities for carrying on the great work.

With the new gift, the Rockefeller Institute will become the most amply endowed institution for medical research in the world. In 1902, when the institution was founded, no undertaking of the kind existed in this country. Other countries had them, but the movement had not gained any ground in the United States. Since that time, however, several research laboratories have been established.

In addition to the laboratories, a hospital is connected with the institution, with every facility for the treatment of patients suffering from maladies under special investigation. For the treatment and study of contagious diseases, a separate building, with isolated wards, is provided.

The scope of the work of the institution is indicated by a list of the several scientific departments which it maintains. It includes pathology, bacteriology, protozoology, biological chemistry, physiology and pharmacology, experimental biology and animal pathology, besides the special hospital.

Some of the leading scientists of the world now devote their entire time to medical research at the institute.

The donation of \$2,550,000 brings the endowment of the institute by Rockefeller to approximately \$12,500,000, exclusive of real estate in this city.

### Colored Men Hurt in Prize Fight Near-Riot

As the result of bad feeling occasioned by the Frank Moran-Jack Johnson prize fight in Paris, which precipitated numerous clashes between the white and colored admirers of the fighters in the streets, several of the champion's adherents today are carrying evidences of the measles and four white youths will forfeit \$10 each unless they appear in the Police Court tomorrow.

Two encounters occurred in Pennsylvania avenue about 10 o'clock last night. Three colored men were wounded and a regular riot was in progress when the police arrived. Earl Nash, 17 years, of 476 K street southwest; Roger McVitt, 19 years, of 21 E street southwest; John Meyers, 17 years, of 451 I street southwest, and Clifford Baird, 17 years, of 304 Fourth street northeast, were the men taken into custody for alleged participation in the fracas.

All four deny that they had any part in the encounters.

### Y. M. C. A. Encampment Encounters Big Storm

The ninth annual encampment of the Y. M. C. A. boys' department, located on South River, about seven miles from Annapolis, is proving to be the most successful and enjoyable yet held, according to letters received from the youthful campers.

During a severe storm last Wednesday, three tents were torn from their stakes. The tents were quickly restaked and Director Chesley complimented the boys next morning at inspection for their coolness.

The White Sox tent, under the direction of Mark DeGrange, is leading in number of points scored with a total of 20. Sidney Leach and his Red Sox are second with 19 points. Points are scored in athletics, including baseball, volleyball, track and field sports and aquatics.

### Columbia Players Give Benefit for Children

Half of the proceeds of tomorrow night's performance of "Prince Karl," at the Columbia Theater, will be donated to the Washington Emergency and Receiving Home for Children. The benefit was arranged by the Columbia Players, who desired to do something toward supporting the children's summer home in Arlington, to which the little ones have been taken by Mrs. A. F. Barrington, superintendent of the home, and the Rev. Patrick Murphy.

### Field Wireless Meets Severe Artillery Tests

The radio-telegraph outfit which accompanied the second battalion of the Third Field Artillery on its recent march from Ft. Myer to Tobyhanna, Pa., completed the tests in a satisfactory manner and met every demand placed upon it. Maj. Charles P. Summerall, commanding the battalion, has sent the following message to Brigadier General Scriven with reference to the field radio.

"Radio tractor has completed tests in every particular during march of 39 miles. No damage or delay occurred to tractor or equipment. Command always in communication with Arlington or New York. It has greatly added to convenience and needs of this command."

### Preston Gibson Hurt in Bay State Motor Mishap

Washington friends of Preston Gibson, society man, and nephew of Chief Justice White, learned today that he was badly shaken up in an automobile accident in Salem, Mass., while on his way to Beverly Farms, the Gibson summer home, last night.

While going through Salem the front wheel of his machine caught in a car track in such a manner as to tear it from the axle, throwing Mr. Gibson and his chauffeur violently to the street. Neither was seriously hurt.

### M. T. Lyons Resigns.

Maurice T. Lyons, secretary to William J. Harris, Director of the Census, has resigned his position. Mr. Lyons has registered his position. Mr. Lyons, chairman of the Democratic National Committee, during the pre-nomination and Presidential campaigns.
